Thursday 26 July 2018
8.30am – 6.30pm
Stamford Plaza Brisbane
Cnr Edward & Margaret Streets
Brisbane

Overview
The Australian Pipelines & Gas Association (APGA) and The Australasian Corrosion Association (ACA) have joined together to host a technical seminar to discuss the challenges and solutions for preventing corrosion in pipelines, some of our most vital infrastructure.

Presentations on technologies such as materials selection, coatings and cathodic protection used to attain the desired design life of our assets will be discussed. Speakers will share their experiences by reviewing case studies.

Who should attend?
Presentations will appeal to all industry sectors involved with Pipeline Asset Management – including asset owners, project and integrity engineers, operators, inspection and maintenance personnel, contractors and suppliers.

Cost $330 (Inc. GST) Price is in Australian dollars.
RSVP Registrations close Tuesday 24 July 2018.

Cancellations after this time will not be refundable, however, substitutions will be accepted.

Who is the Australian Pipelines & Gas Association?
The Australian Pipelines & Gas Association is the peak national body representing Australasia’s pipeline infrastructure for gas, oil water, slurry and CO₂. Its mission is to represent its members and provide them with services to foster strong and dynamic pipeline and gas industries.

Who is the Australasian Corrosion Association?
The ACA is a not-for-profit, membership Association which disseminates information on corrosion and its prevention or control by providing training, seminars, conferences, publications and other activities.
